Hello Neighbor!

New York State has a program to provide property owners the opportunity to receive a free or reduced cost residential energy audit, called Green Jobs-Green New York (GJGNY). To qualify for the energy audit the total household income must fall beneath the income guidelines (<\$135,600 annually = <200% AMI) and complete the attached application for the program. This application form must be filled out completely and **an annual gas and electric usage summary provided by your utility provider** (i.e. RG & E) must accompany the application. You may visit your utility provider and they can supply you with a print out of the usage for the year. OR if you would like NeighborWorks can now assist you! Simply provide your POD numbers (one for electric, one for gas) that are found on your monthly RG&E bill to us, and we can look the information up for you. Please sign the attached form to allow us to obtain the usage for your address and return it with your application if you would like NeighborWorks' assistance.

Once you have your documentation collected you must submit it to GJGNY and you may do this one of three ways:

By Mail: GJGNY Audit PO Box 12129 Albany, NY 12212

By Fax: (866)-335-6306;

or By E-mail: GJGNY-Audit@csggrp.com .

If you need assistance with your application submission, you may return your application and supporting documents to NeighborWorks Rochester, and we would be happy to fax or email the application on your behalf.

Once the application is submitted and all of the eligibility requirements have been met, you will receive a "Reservation Number" from GJGNY. You will then have 90 days to have your audit completed. Please contact Paula Frumusa at NeighborWorks Rochester, at (585) 325-4170 ext. 325 to schedule your energy audit.

Upon completion of the audit should you decide to proceed with the energy efficient recommendations found, there are many options for you to choose from to complete the work.

We appreciate your participation in the Green Jobs-Green New York Program and in helping make your home more energy efficient and New York more Green!!

NY HOME PERFORMANCE WITH ENERGY STAR®
FREE/REDUCED-COST ENERGY AUDIT APPLICATION

NY Home Performance with ENERGY STAR provides **income eligible owners of one-to-four unit residential buildings** the opportunity to receive a free or reduced-cost residential energy audit.

To qualify for a free/reduced cost residential energy audit you must (1) own the 1-4 unit residential building, (2) have a total household income at or below the limits indicated below, (3) have not previously received a free/reduced cost audit, and (4) provide a 12-24 month summary of the **electric and heating usage** for the building. New building owners that do not have access to a full year of usage data can provide the partial year with proof of the date of purchase.

Free/reduced cost residential energy audits are available on first-come, first-served basis until funds are fully committed. Applicants that meet the eligibility and supporting documentation requirements will receive a **Reservation Number** along with terms and conditions from the Program. Applicants will have 90 days to have their residential energy audits completed by a Participating Home Performance with ENERGY STAR Contractor. Please complete all required fields, sign and date application.
